Church Loop System.... Reminder

All Hallows has a hearing loop or sometimes called an induction loop for the use of people with hearing aids. A cable has been laid around the internal perimeter of the church creating a magnetic field within the church pews. In order for your hearing aid to pick up the signal from the loop system, make sure that your hearing aid is switched to the T-Coil setting. There are occasions when the Church loop system could suffer from interference from signal spill and background noise creating blind spots even bowing your head to pray sometimes cuts the signal to the hearing aid. The loop system was tested this week and was found to be working satisfactorily. If you need further information or experiencing problems with the loop system, please contact Harry Drake who will try and resolve any difficulties.

MUSIC MINISTRY..... Are you interested in the development of the music ministry in our parish? Can you play an instrument? Do you enjoy singing? We would be pleased to hear from you. We will shortly be planning for the forthcoming Christmas celebrations and are always grateful for help and support. **Everyone has a talent.... don't hide it under a bushel..... share it...**

Are you new to our Parish? We welcome you, why not complete our Parish Census Form and tell us about yourselves.

We would like to take the opportunity to thank the lady who has donated to the Piety Stall the beautiful handcrafted cards for church funds.
