General Data Protection Regulations and updating Parish Directory

Dear All

I'm in the process of updating the Parish Directory. Since the last update the legislative provisions dealing with the protection and management of personal data has changed. The General Data Protection Regulation (GDPR) came into effect on the 25th May 2018. One of the changes introduced by the GDPR relates to 'consent.' This means that any personal data used for the Parish directory needs written consent from individuals to be included in the Parish Directory.

In order for us to comply with the GDPR we will need to obtain consent from each individual that will be included in our Parish Directory through a data collection form. Each individual must sign and date this form which demonstrates their informed consent. If we obtain the personal data electronically, e.g. by email then, by the very fact that you provide consent by email this will suffice.

If you are currently listed in the Parish Directory I will be contacting you, either by post or by email. I will ask you to confirm your personal details, the listing of your Parish activity and explain how we intend using this information in the Directory.

If you are **NOT** currently listed as a lead name in the Parish Directory but wish to be included, please provide your contact details and a brief outline of your Parish

activity. Leave these details in the Parish Advisory Committee (PAC) suggestion box located in the Narthex or give them to a member of the PAC.

Many thanks for your support.

Roland Fletcher – on behalf of the PAC
